Hint for attaching support strips: first paste the bottom. Fold the card open completely. Paste the top of the support strip. Always check to see if the card can still be opened and folded.

Cut a light blue strip 13.5 cm high x whole width of A4. Fold at 15.4 cm. The bottom is 14.3 cm high and 13.5 cm wide.

Cut 14 x 12 cm design paper for the 'back wall' of the card. Layer to Christmas red and trim leaving a narrow border. Layer to Christmas green and do the same.

Hinge: cut a light blue 11 x 2 cm strip. Make a valley fold at 1.5 cm. This 1.5 cm will be stuck to the light blue bottom. Stick design paper to the front of the strip. Now the hinge is sturdy and neatly finished off. Place the card in a 90° angle. Attach the hinge to the bottom, 4 cm from the right. Cut 2 x 5 cm design paper for the T-connection and fix this on both sides as per example. Check to see if the card can be opened and folded.

Support strip for tree: cut an 11 x 1.5 cm light blue strip. Fold: at 1 cm a valley fold, at 1 cm a valley
