www.mijnwebwinkel.nl/winkel/tscrapateljeetje

Cut a 27 x 27 cm square from white card. Cut a 13.5 x 13.5 corner out of the bottom on the left-hand side. Score the remaining flap on the right-hand side at 13.5 cm, and fold it upwards. Cut off 2 cm on the top. Fold the left part behind the right part to make a folded card. Cut 13 x 13 cm design paper and stick it to the card. Cut 13 x 11 cm design paper to stick to the flap. Punch or cut a semi circle from white card and a 0.5 cm larger one from design paper. Stamp the text on trans-

parent sheet and attach it to the flap using brads. Cut out the house, punch a hole at the top of the flap and tie the house and charm through it. Use double-sided tape to stick the flap to the card on two sides, to make a pocket. Cut a 14 x 18 cm label from kraft card and decorate with scraps of design paper, corrugated card, rope, lace and brads. Stamp a text on to white card, cut transparent sheet slightly larger and staple them to the label.

Use a 15 x 15 cm piece of firm card stock as your base. Cut a 14 x 14 cm square from corrugated card and a 13 x 13 cm one from design paper. Cut a 14 x 9.5 cm rectangle from design paper with text. Distress all the edges and apply distress ink. Stick all layers to the corrugated square. First paint the plywood flags blue, then paint them roughly with white paint and finish with distress ink. Use lengths of rope to tie them to cardmakers' rope, and attach the ends to the reverse side of the corrugated card. Cut a heart from corrugated card and transparent sheet; stamp the text to the

sheet and staple them together. Paint two plywood flags white and then apply distress ink. Cut a few smaller hearts, make a pretty arrangement and stick them together. Then attach the layer to the firm card stock base. Wrinkle a length of ribbon and stick it to the bottom of the card stock. Stick ribbon with roses on top. Punch two holes in the top, thread ribbon and lace through them and make a knot to get a suspension loop.

Cut a 15 x 15 cm blue card. Layer a 14.5 x 14.5 cm white card on top. Cut a 14 x 14 cm square from design paper with shutters; make sure the four shutters are exactly in the centre. Cut this square in half along the centre line between two shutters. Now there are two halves with two shutters each. Score both parts exactly on the line between two shutters. Stick both halves with shutters on the background paper; make sure the shutters in the centre can still open up, so apply glue behind the shutters on the far left and the one on the far right only. The two halves should touch exactly in the centre. Layer 13.5 x 13 cm design paper on the inside of the shutters; check to see if this measurement is correct. Layer 13.5 x 7.5

cm design paper on the white card on the inside. Cut a heart from blue card and transparent sheet and stamp the text on to it. Punch a hole through the top and point of the hearts and thread a ribbon through them. Tie this around the inside of the card.

Cut the hearts for the front panel from blue and white card. Cut off a small edge of the white one, so the blue card will show when stuck together. Stamp the text. Copy the stencil of the heart on to kraft card and cut out. Layer the three hearts together, punch a hole, use a length of rope to tie a charm to them and stick one half on the left panel. Finish the card off with a drawn stitch line, tie a ribbon around the card and knot it.

Cling Stamps

By Hennie Barendregt

<http://hensmade.blogspot.com>

Embossing and colouring

Embos the die-cut motifs and colour them in with ink and a blending tool while still in the stencil. Remove from the stencil and sprinkle embossing powder on the still wet ink. Heat the powder with a heat tool.

Cut a 13 x 13 cm ice blue single-fold card. Cut from design paper a straight square, a square with torn edges (use the parchment stencil) and two pieces of a label. Cut the football from water colour paper. Emboss and colour the die-cut motifs. Stamp the text on to the pieces of the label, emboss and colour in. Cut/emboss the cup from

silver-coloured card. Apply ink to the edges using distress ink and a blending tool. Stick to the card as shown. Attach the football, the cup and the outfit with 3D-glue. Tie a rope across the card and make tiny pegs from kraft card.

Cut three squares with torn edges (use the parchment stencil), one from design paper and two from ice blue card. Make an incision in to the square of design paper, to fit the labels. Layer a square from design paper behind the first one; make sure not to apply glue where the labels will be tugged in. Layer together. Punch two holes and tie them together using a length of rope. Cut two labels, a ticket and the shorts from design paper. Cut the football from water colour paper.

Emboss and colour the die-cut motifs. Stamp the text and numbers, work with embossing powder and heat tool. Cut /emboss the cup from silver-coloured card. Stamp Don three times on to water colour paper. Colour in and make 3D. Apply ink to the edges using distress ink and a blending tool. Adhere all layers on to the card as shown.

Cut a 13 x 13 cm azure blue single-fold card. Cut from design paper a straight square, a square with torn edges (use the parchment stencil), two labels and the outfit. Cut the football from water colour paper. Emboss the die-cut motifs and colour in. Stamp the texts and numbers, work with embossing powder and heat tool. Cut/emboss the cup from silver-coloured card. Stamp Don on to

water colour paper, colour in and cut out. Cut the square with the torn edges in half; layer both halves on to the card as shown. Thread a length of rope through the punched holes and make a bow. Apply ink to the edges using distress ink and a blending tool. Adhere the layers on to the card as shown. Stick on the football with 3D-glue.

Elegant designs

By Petra van Dam

<http://www.hobbykaartenpetra.nl>

Cut the following motifs and apply ink to the champagne card.

Photo 1:

- Cut LRO279 once from champagne (cut out the centre) and once from (church) design paper. Attach the border with 3D-glue.

- Cut LRO280 three times from champagne and once from (roses) design paper. Cut the centre out of one motif, do this by hand. Use 3D-kit to attach the border to the design paper with roses.

Follow the steps of photos 1/m 4. Attach as per example. Attention: see photo 4. Make sure the

two holes are placed exactly on top of each other. On the photo this is shown with an arrow.

Place everything on raven black card. Lay the stencil on the embossing pattern, copy the outline and cut out with a knife. Use 3D-glue to layer the raven black card behind the champagne card.

Copy the pattern of the stand on to mica. Score the stand at 1 cm in from the bottom. Make a 1 cm incision in to the fold along the bottom. Fold the stand in shape. Attach linen lace as shown. Cut LRO279 from raven black card as shown. Cut out the centre. Use 3D-kit to attach the decorative border centrally to the reverse side of the

card. Allow the 3D-kit to dry. Take the mica stand and hang the card on the top of it.

Cut two hearts from parchment paper and tie them together with a ribbon.

Photo 1:

- Use LR0279 to cut the largest border from champagne card and the smaller one from (church) design paper and champagne card (cut the centre out of the champagne motif). Attach the border with 3D-glue.

- Use LR0280 to cut both corners twice from champagne card and the frame once from vellum.

Photo 2:

Use A4-size sahara brown card.

Fold from the left: at 8 cm a mountain fold and at 8.2 cm a valley fold. A piece of 13.5 cm remains.

Score (whole width) at 5.3 cm in from the bottom.

Make two 5.3 cm long incisions in to the fold along the bottom.

Cut out a corner (5.3 x 8 cm) on the left bottom side. Fold the first flap inside and the second flap backwards.

Cut the following:

Front of card (left side on photo):

- Champagne 15.3 x 8 cm.
- Light blue 14.4 x 7.6 cm.
- Design paper 14.2 x 7.5 cm.

- Attach the folded flap to the top and bottom. Leave the centre open.

- Cut out design paper with roses from bloc PK9092 along the curls. Layer on front of card.

Inside card (right side on photo)

- Champagne 15.3 x 13 cm. Layer linen lace behind champagne card.
- Design paper 14.8 x 12.5 cm.

Inside card (arrow on photo)

- Champagne 11 x 7.7 cm and 5 x 7.7 cm.
- Design paper 11 x 7.7 cm and 4.5 x 7.7 cm.

Fold the flap inside and attach the borders. Leave the centre open.

Attach the die-cut curly corner to the bottom on front of card.

Attach the oval. Make the clock 3D.

Reverse side of the card

- Design paper 11 x 13 cm and 5 x 13.5 cm. Decorate the flap with linen lace. Fold the flap inside and attach the borders. Leave centre open. Attach the corners to the top corners.

Cut the following stencils and apply distress ink to the champagne card.

- Cut LR0279 1x from vellum and 2x from champagne card.
- Cut LR0280 3x from vellum and 6x from champagne card. Cut out the centre of the champagne motif by hand.
- Use LR0281 to cut the corner with roses from champagne card.

Start with the two sides (no. 1).

Stick the corner to the top on the reverse side (no. 2).

Attach the frame (no. 3) in the centre.

Finally attach the corner with roses to the bottom on the reverse side. Layer cream-coloured lace behind.

Finish off the reverse side neatly.

1. Start at the bottom with the corner with roses.
2. Attach the point at the top to vellum.
3. Attach the frame to the reverse side. Allow to dry.

Front of card: attach the champagne card to the vellum with 3D glue. Allow the kit to dry.

Do not attach the champagne card to the reverse side yet.

Stick the front of the card as shown.

Tip: use the 1 x 1 cm boxes of your cutting mat; vellum is transparent so it is easy to make sure the left and right sides are in mirror image.

4. Copy the card stand on to mica sheet and use 3D-kit to layer it behind the card. Allow to dry.

The card stands alone on the square. Cut LR0234 1x from design paper and 1x from champagne card, using two squares at the same time. The small square now cuts out the centre of the large square. Attach the champagne border to design paper.

Label for a present:

Cut the heart from design paper, and CR1211 and LR0273 from champagne card. Punch a hole in to the top for the cord.

FELT & COLLECTABLES Penguins & Snowmen

Penguin family by Marianne Perlot
www.mariannedesign.nl

Materials
 Penguin stencil in 2 sizes (COL1331)
 Wool felt: white, 2 shades of pink, 2 shades of blue, dark grey and orange
 Ribbons
 Pearl beads (2 sizes)
 Gold thread
 DMC-thread in the pink of blue shades of the felt
 Fiberfill
 Collall felt glue

Die cut the parts from wool felt. Using two strands of DMC thread (in the colour of the felt) sew the front and back of the penguin together using a blanket stitch. Leave an opening for stuffing. Stuff the body with fiberfill and close the opening. Paste the white front to the front of the body and adhere the eyes, beak and paws. If you like to add a bow, then sew it on before pasting the white front. The end of the pearl chains of mother and daughter can be hidden under the wings. So paste them last. Attach a piece of spring to the heads of the penguins and the whole family is ready to decorate the Christmas tree.

By Jolanda Elderman
<http://jolandacreablog.blogspot.nl>

Die cut the snowman and pinetrees from wool felt and sew onto front of bag using small stitches; use blanket stitch around the snowman.

Remove the glass from the photo frame and replace it with white card.
Die cut ice blue rectangles with CR1223 and adhere to the apertures.
Die cut all the parts of the penguins from felt and decorate the front with sequins and beads.
Blanket stitch around the edges using two strands

Stitch the bag together using blanket stitches and two strands of embroidery thread. Secure the straps and sew on the buttons.

of embroidery thread. Stuff just before you make the last stitches. Paste the beak and paws.
Die cut pinetrees and snow stars and decorate with sequins, beads and buttons. Adhere to the painting using a glue gun. Add pompon trim along the edges and a glitter pompon to finish.

FELT & COLLECTABLES *the Snoesjes*

By Wybrich van der Roest
<http://wybrichspapercards.blogspot.com>
<http://thesnoesjes.blogspot.nl>

Cut a 14 x 14 cm azure blue top fold card and 12.5 x 12.5 cm design paper, mat the latter on white card. Cut the square with torn edges from white card and emboss with the embossing folder. Cut

the label from white card, stamp the text, tie organza ribbon with wax cord and attach a charm. Cut out the images and make 3D. Cut leaves and flowers and add paper roses to finish.

Cut a 14 x 14 cm white top fold card. Cut the square with torn edges from design paper and mat on 12.5 x 12.5 cm white card and design paper. Cut design paper in to 4.5 x 14.8 cm and adhere on to white card. Stamp and colour an image. Pierce holes along the edges and mat on white

card. Cut the label from white card and emboss with the embossing folder. Tie an organza ribbon. Stamp the text on to the wooden label and attach to the bow using twine. Finish the card with die cut leaves, roses and wooden buttons with twine tied through them.

Cut a 14 x 28 cm ice blue single-fold card. Score at 7 cm and make a mountain fold. Cut 14 x 14 cm ice blue and adhere to the folded part creating an easel card. Cut the square with torn edges from ice blue and white card and adhere together as shown. Punch or die cut six circles from design paper. Attach 3x a length of rope between two circles and stick pearls to their centres. Punch holes in the top of the die cut motifs and tie ropes through them. Thread the ropes with circles through the holes too and adhere the ends to the reverse side. Do not stick the circles, let them dangle. Adhere the die cut parts on to 12.5 x 12.5 cm design paper and mat on white. Die

cut a round image and mat on an ice blue circle. Punch a hole on the side and tie a bow. Cut 12.5 x 12.5 cm design paper and mat on white. Attach to base of card. Cut a label from white and ice blue card and layer together as shown. Stamp a text; tie a ribbon and rope through the hole. Stamp a text to the wooden label and attach to the bow using rope. Cut the snowman from ice blue and white card. Layer the parts together with blue still visible. Decorate with holly leaves and adhesive pearls. Attach adhesive pearls to the bottom of the card where the top part can rest to stand upright.

Jingle Bells

By Marjan van der Wiel
<http://marjanvanderwiel.blogspot.nl/>

Cut a 15 x 15 cm lilac single-fold card, a 14.5 x 14.5 cm pearly white square and 13 x 13 cm design paper. Cut the dies from Brilliant card. Ink the edges and adhere to base card as shown. Stick the die cut corners to the top and bottom of the image.

Cut a 15 x 17 cm card and score at 15 cm and 16 cm. Cut two 15 x 15 cm squares and score at 13 cm and 14 cm; cut both at a slant; the edge will be 14.5 x 6 cm. Cut 14.5 x 16.5 cm for the inner card. Cut design paper twice into 12.5 x 14.5 cm; cut them at a slant, the edge will be 14.5 x 5.5 cm. Cut 14.5 x 16 cm design paper for the inside. Cut the

fiesta red card in to a 15 x 15 cm single-fold card and a 15 x 6 cm rectangle. Cut pearly white card in to 14.5 x 14.5 cm, and design paper into 14 x 14 cm and 15 x 5.5 cm. Cut the dies from Brilliant card. Ink the edges of all sheets. Adhere

Layer to lilac card, trim leaving a narrow border. Adhere all layers to the base card. Secure the bow of lace and seam binding using a brad. Add scrap flowers to finish.

dies from Brilliant card. Die cut the heart from azure blue card. Ink all paper edges. First assemble the outer card, and then mount the other parts on top. Secure the bow of lace and seam binding to the inner card with a brad. Add scrap flowers to finish. See step-by-step photos on Marjan's blog.

to the base card as shown. Make a bow of lace, add seam binding and pierce a brad through the knot of the bow. Secure to card. Add scrap flowers using 3D-glue and Ice Rhinestones to finish.
