Copy the outer lines of the watering can on to white card: 1x
 the normal way (the front) and the part of the can that contains
 the water 1x in mirror image. Cut both out.

Take the part in mirror image and score a horizontal line at 2 cm

 a straight line at the bottom of the second card to stabilize it.

 over to avoid drawing in mirror image. Cut out all parts and
 adhere.

Tie the yellow label to the handle with hemp cord and fix with a

**Extra needed for this
 present:**

Craft stencil: PS8112
 (Milk Carton by Marleen),
 Cellophane, Hole punch, Mica,
 Sweets

Copy the craft stencil on to the back of design paper, using the
 outer lines. Take a scoring pen and 'draw' the narrow lines of the
 stencil on to the paper. Between the top parts of the box there
 are three narrow lines in the stencil, to copy these a pencil can
 be used. The line should run from the top to the large rectangle,
 not any further!

Choose a shape for the window and copy it at the right location.
 Cut out the milk carton and the window. Cut the lines of the
 bottom flaps till the scored lines. Cut the three pencil lines in
 the top of the box as well. Cut 4 x 5.5 cm mica and cover the
 window.

Fold all parts back and forth, to make folding/assembling the
 box easier. Stick tape to the glue strips at the side, fold into
 a box and adhere. Fold and glue the four flaps at the bottom.
 Then fold the top of the milk carton by folding all parts a little
 backwards (the triangles at the side too) and fold the narrow
 border at the top upwards. Hold them and punch two holes.
 Wrap a few sweets in cellophane, close it and put in the box.
 Assemble the milk carton and tie hemp cord through the holes.
 Choose a label, die cut the flowers and leaves.

Adhere the (sticker)text to a matching card colour and trim
 leaving a 1 mm border. Adhere the text, flowers and leaves to
 the label and complete with rhinestones.

Attach the label and tie with a bow.
