Materials used for all cards:

Blending tool or finger daubers, Stamp master: LR0009, Silhouette stamps

Extra needed for this card:
Clear stamps Silhouette: CS1013 (Fairy Forest), CS1014 (Woodland), Ink pad: Archival jet black, Distress ink: dusty concord, milled lavender, seedless preserves, Victorian velvet, Stamping paper, Papicolor Original: raven black (901), lilac (914), Mask paper

Cut a 13 x 14.5 cm lilac single-fold card and mount a 12.5 x 14 cm black card on top.

Cut a 12 x 13.5 cm piece of stamping paper.

Die cut an approximately 10 x 10 cm piece of paper and cut out a 5.5 cm Ø from the centre, creating a mask to colour in the moon. Use a blending tool or dauber to apply distress ink, splash a few water droplets on to it and leave to dry.

Cut a circle from mask paper, lay it over the moon and colour in the background. Start on the outer edge with the darkest colour and work towards the moon using lighter colours.

Remove the mask and using black ink first stamp the fairy and then the trees, grass, flowers and mushroom. Stamp the flight of ducks over the moon.

Stamp leaves along the top and stroke distress ink black soot around the edges of the card.

Stick the decorated card on to the single-fold card.

Extra needed for this card:

Clear stamps: CS1009 (Happy Holidays), CS1014 (Silhouette-Woodland), Ink pads: Archival jet black, Memento London fog, Versamark transparent, Distress ink: black soot, peacock feathers, picked raspberry en seedless preserves, Embossing powder:

chunky white embossing enamel (Stampendous!), white (Wow), Stamping paper, Papicolor card: Original raven black (901), pearly white (930), Heat tool

Cut a 14.5 x 14.5 cm white single-fold card and mount a 14 x 14 cm black card on top. Cut a 13.5 x 13.5 cm piece of stamping paper and using a blending tool or dauber apply distress ink peacock feathers, picked raspberry and seedless preserves.

Make a wider border along the bottom with distress ink black soot: tear a strip of paper and place it on to the card as a mask. Lay the torn paper also a bit higher and apply a little less black soot to get a lighter shade.

Using black ink first stamp the deer, then the trees, and finally the leaves with birds along the top.

Then stamp a few trees in grey ink.

Sprinkle chunky white embossing powder on the card and heat from beneath (to avoid the granules being blown away).

Stamp the text in transparent ink, sprinkle white embossing powder and heat with a heat tool.

Stroke distress ink black soot around the edges of the card and stick the decorated card on to the single-fold card.

Extra needed for this card:

Clear stamps: CS1014 (Silhouette-Woodland), TC0867 (Tiny's Winter Landscape), Ink pads: Archival jet black, Memento London fog, Distress ink: faded jeans, mermaid lagoon, tumbled glass, Stamping paper, Papicolor card: raven black (901),

Cut a 14 x 14.5 cm blue single-fold card and mount a 13.5 x 14 cm black card on top. Cut a 13 x 13.5 cm piece of stamping paper and stamp the border just above the centre and the deer below. Stamp the border also on to mask paper. Cut out and lay the mask over the stamped image.

Die cut or hand cut a 5.5 cm Ø circle from mask paper and stick it on to the card so that only half of the moon is visible behind the houses. Colour in the background: start on the outer edges with the darkest colour and work towards the centre using lighter colours. Leave a rather big 'moonlit' area in the centre uncoloured. A few layers can be made along the bottom using a strip of torn paper as a mask.

Stamp the trees and grass in black ink along the bottom of the card and the leaves along the top. Use grey ink to stamp a few extra trees. Colour in the images with Copic markers.

Stroke distress ink black soot around the edges of the card.

Cut from DCP paper a 10.5 x 15 cm single-fold card and use craft tape to mask the top and bottom borders: till 4 cm down from the top and 2.5 cm up from the bottom. In the centre a 4 cm wide strip will remain.

Use Versafine deep lagoon to stamp one thick, solid ice crystal in the centre of the card, and with the ink that is still left on the stamp, two more ice crystals that will then have a lighter shade. Leave to dry, then colour in the white spaces using a dauber with distress ink mermaid lagoon.
