

Small carousel card

Materials:

- Craftables: CR1219 (English house - window), CR1224 (Christmas tree) and CR1236 (carousel)
- Creatable: LR206 (ivy)
- Decoupage sheets: Snoesjes 3DHMo46 and 3DHMo48
- Card: white and anthracite
- Pretty Paper blocs: PB7040 (Scandinavian Winter) and PK9089 (Beautiful Butterflies)
- Lace and ribbon

Method

Cut/emboss the carousel template four times from anthracite card, score the two sides and make a diagonal crease. Cut white card into five 9 x 5.2 cm rectangles and trim them into a semi-circular shape. Stick the bottom parts to these rectangles. Layer design paper onto all sides and stick lace between the card and the design paper. Stick one end of two lengths of ribbon between the card and the design paper of the front and reverse side. Cut out the Snoesjes, make them 3D and attach them to the card with a cut-out window, trees and ivy. Cut/emboss two small back supports from white card and attach them to the front and reverse side of the card.

Big carousel card

Materials:

- Craftables: CR1236 (carousel)
- Creatables: LR204 (bird and birdhouse), LRo234 (square by Petra), LRo235 (small oval by Petra), LRo256 en LRo257 (branches and spiral shaped flowers)
- Collectables: COL1307 (hearts)
- Kraft cardstock
- Decoupage sheets: Snoesjes 3DHMo45 and 3DHMo48
- Pretty Paper blocs: PB7040 (Scandinavian Winter), PK9081 (Sweet Summer) and PK9088 (Fancy Flowers)
- Lace and ribbon

Method

Cut/emboss the carousel template four times from kraft cardstock, score the two sides and make a diagonal crease. Cut five 9 x 9 cm squares from kraft cardstock. Layer design paper and a length of lace onto both sides. Stick one end of two lengths of lace between the card and the design paper of the front and reverse side. Cut out the Snoesjes, make them 3D and attach them to the card with cut-out frames, branches and birds. Attach the bottom pieces to the square cards. Cut/emboss the small back supports from kraft cardstock card and attach them to the front and reverse side of the card.
